

ISO STAINLESS STEEL BACKING FLANGES

Special Metric Materials can supply ISO stainless steel backing flanges in a variety of different coatings. These are all available from stock, with next-day delivery across the UK:

Bright zinc plated (BZP), Fusion bonded epoxy (FBE), Stainless grade 316L & 304L, Aluminium

Special Metric Materials can supply ISO stainless steel backing flanges in the following drillings:

PN16 reduced thickness, PN16 full thickness EN1092-1, PN10 reduced thickness 200-600 ml., ASA 150 & PN25, Table D/.
